Traffic Advisory

Truxtun Avenue at Mohawk Street Intersection Lane Closures Coffee Road/Brimhall Road Update

Work is scheduled to begin on the Truxtun Avenue at Mohawk Street intersection on Wednesday, July 28, 2010. Motorists should anticipate closures to the outside lanes of Truxtun Avenue and Mohawk Street between the hours of 8:30 a.m. and 4 p.m.

These lane closures are needed to modify the southeast and southwest quadrants of the intersection, as well as the north side of Truxtun Avenue, in conjunction with the Mohawk Street Extension project. The work will include removing and replacing the curb and gutter near the intersection and increasing road width to add turn lanes in all directions. Work is expected to continue at this intersection for several weeks.

In addition to the Truxtun Avenue/Mohawk Street intersection work, motorists should expect the daytime closures of the northbound outside left-turn lane on Coffee Road at Brimhall Road, and the outside westbound lane on Brimhall Road to continue for a few more days.

Motorists may want to take an alternate route or allow additional time if traveling through these areas. The Thomas Roads Improvement Program apologizes for any inconvenience this work causes the traveling public.

For additional information on the Westside Parkway project, please visit our website at www.BakersfieldFreeways.us.
